

Taupo DeBretts Spa Resort has developed and implemented an Environmental Management System that is continuously maintained for effectiveness and process improvements in accordance with the requirements of ISO14001 Standard

Taupo DeBretts Spa Resort recognises its environmental responsibility and will endorse *kaitiakitanga* for a healthy culture so that the natural resources are managed accurately

Taupo DeBretts Spa Resort recognises the *Tiaki Promise* and commits to act as a guardian protecting and preserving our home

We will endeavour to:

'Plan and Do' in advance to bring down the probability of any environmental risks by adopting 'green' practices and procedures

'Check and Act' on reducing negative impacts such as pollution, waste and resource consumption

Meet the changing demands of consumers and the environment by sharing our knowledge

We will adopt whanaungatanga in accordance with our commitment:

Taupo DeBretts Spa Resort is committed to fulfil compliance obligations

Our organization will comply with all current and relevant subsequent Regulations, any amendments to these legislations and all relevant Codes of Practice

It is important that everyone who works and visits Taupo DeBretts Spa Resort contributes to *manaakitanga* by continuing to being committed to protecting and preserving the unique aspects of our stunning natural and cultural environment here at Taupo DeBretts Spa Resort

Taupo DeBretts Spa Resort acknowledges the crucial relationship between generations of the future and the environment. It is important that we move forward and have ongoing initiatives towards a sustainable environmental management business model

Maintaining continuous environmental improvement's
we will bestow a future timely to those generations who will hear it coming
